To

The Additional Chief Secretaries /
Principal Secretaries / Commissioner-cum-Secretaries / Secretaries
(All Departments)
All Heads of Departments
Governor's Secretariat, Raj Bhawan
Secretary, Odisha Legislative Assembly (OLA)

Sub: Go-Live of Enterprise e-Despatch Application V2.0 in all Departments of Government of Odisha and their subordinate offices.

Madam/Sir,

As you are aware, e-Despatch system is running in all Departments and their subordinate offices for real time end-to-end transmission of Government letters from one office to another in electronic mode. A new version of Enterprises e-Despatch Application 2.0 has been developed by OCAC. Some of new features are as follows:

1. Work in offline mode in case internet is not available.
2. Open standard Technology with Service Oriented Architecture (SOA) for scalability and easy integration of e-Despatch Application with other Government Applications.
3. Mobile App for viewing letters
4. Advanced Security features to make it secured from any vulnerability

The Application is now ready for Go-Live in all Departments, their sub-ordinate offices and other Government Offices. In order to facilitate the Go-Live, migration of the data/files from the old system to the new system is required, for which **09-Jun-2019** is chosen considering a holiday. During the change over, Data migration, validation and testing shall be done. The Nodal Officers of the respective Departments may be requested to extend necessary cooperation for smooth implementation as well as operation of the new system. The new System can be accessed using the URL <https://edodisha.gov.in>. It is requested that the new system may be used by all Departments, their subordinate Offices and other Government Offices with effect from **10-Jun-2019**.

e-Despatch PMU will be available for resolving issues (if any) at the Helpdesk No. 0674 – 2323837 & Sanjog Helpline No. 155335.

Yours faithfully,

Special Secretary, E&IT Dept
& C.E.O., OCAC
